SAMPSON FILES BRIEF

Claims to Have Been in Supreme Command at Santiago.

RESISTS SCHLEY'S LATEST APPEAL

Explains Signal, "Disregard Movements of Commander-In-Chief," and Says the Whole Fleet Was Within Sight of the Brooklyn.

Washington, Feb. 7.—E. S. Theall, representing Stayton, Campbell & Sampson, filed the following brief with President Roosevelt, protesting against the claim set up in Admiral Schley's appeal that he was in supreme command during the battle of Santiago:

"Hon. Theodore Roosevelt, President of the United States;

"Sir—We beg leave, as attorneys for Rear Admiral W. T. Sampson, and on his behalf, to submit the following statement in connection with the petition of Rear Admiral W. S. Schley of asking relief from his condemnation as reported by a court of inquiry and approved by the secretary of the navy. No argument will be submitted as to the volunteered opinion of the presiding member of the court upon the question of command at Santiago. We repeatedly applied for an opportunity to present evidence on this point to the court, and our request was as often refused, and we are confident that an attempt to pronounce an adverse judgment where a hearing has been denied is so plain a violation of simple good faith that it has no chance of receiving your approval. We were ready then, and are still ready, to produce much evidence which was not offered before the court of inquiry. We are prepared to show that the statement that the New York at the beginning of the battle was out of sight of each and every ship of the blockading squadron but one is incorrect. We are ready to show that under the navy regulations and the judicial interpretations thereof, Rear Admiral Sampson was during the battle in command of every vessel in the American line. There is abundance of testimony available to show that from the beginning of the battle every American vessel about Santiago was in sight of the New York.

"There is evidence at hand, both record and oral, to show that whenever the commander-in-chief left the blockading line in front of Santiago he hoisted the signal 'Disregard movements of commander-in-chief,' and proceeded to that point where, under the regulations, his immediate command of the squadron ceased, and then signalled to the next in rank to take command; and that on the morning of July 3 the commander-in-chief had given instructions to have ready for hoisting the signal directing Commodore Schley to assume command; that this signal was to be hoisted when under the regulations the appropriate moment arrived; that that moment had not arrived, and that such signal had not been hoisted when the enemy endeavored to escape from the harbor.

"From the Oregon, too, there is available evidence to show that when the first shot was fired, the quartermaster of the Oregon, using the long glass, could from the position of that vessel, near the center of the line, read the New York's battle signals then flying.

"All this evidence was ready to be presented to the court of inquiry, and it is ready to be presented to you. There is further abundance of evidence available to establish the fact that what the applicant now calls the complete and total failure of the pre-arranged order of battle' was due wholly to his own disobedience of the orders from the commander-in-chief. These orders were to close in and to hold the enemy at the harbor's mouth. Commodore Schley so understood the orders. He hoisted the very signal. Yet when he saw the enemy approaching a part of the line guarded by his own vessel, he loosed. He withdrew from the battle formation, left a hole in the line, interfered with the Texas, which would have stopped the gap and caused her to back, thereby giving to the enemy the double opportunity of which they availed themselves to escape through the interval he had made.

"We have no desire to prolong this controversy. We only ask that before there shall be a finding adverse to Admiral Sampson either by the president, the courts or the navy department that he be given the opportunity which has been given to Admiral Schley to present such evidence as may make both sides of the matter clear."

Liberator Sighted.
Willemstad, Island of Curacao, Feb. 7.—The Venezuelan revolutionary

steamer Libertador (formerly the Ban Righ), erroneously reported to have been sunk by a Venezuelan gunboat at Porto Colombia, was cruising off this island Thursday. It is said the landing of war munitions on the Venezuelan coast by the Libertador will now be very actively pushed.

PARTIAL REPORT

Made by Experts on Everett-Moore Syndicate Properties.

Cleveland, Feb. 7.—The experts employed by the bankers' committee of the Everett-Moore syndicate to examine into the physical and financial condition of the Federal Telephone company and its 23 subsidiary companies have made partial report. All of the plants now in operation are said to be in the best possible physical condition, and with one or two exceptions the subsidiary companies are said to be earning from fair to excellent returns on investments. The net annual earnings of the combined properties it is understood, aggregate nearly \$400,000. The net earnings of the United States Telephone company (long distance), as indicated by the report, shows an operating profit of about \$115,000 for the past year.

The complete report of the expert accountants will, it is expected, be finished within a few days, when exact figures will be made public. As a result of the favorable showing thus far indicated by the experts, members of the bankers' committee, it is said, feel inclined to hold the properties intact with the possibility of a few exceptions.

Must Keep the Door Open.

Washington, Feb. 7.—While details of the negotiations cannot be developed here at present, confirmation is to be had of the report from Peking that the United States government is acting with Japan and Great Britain in resisting any action by Russia and China in the shape of a Manchurian treaty that would threaten the interests of the United States in that important section of the east. The state department has made perfectly clear to Russia its purpose to retain whatever trade advantages it has in Manchuria and its determined attitude in the matter probably has prevented the summary closing of Manchurian ports to any but Russian trade.

President's Son III.

Washington, Feb. 7.—Owing to the illness of Theodore Roosevelt, jr., who it is said, is suffering from pneumonia at Groton, Mass., Mrs. Roosevelt will leave immediately for Groton, where she probably will remain for some days. Mrs. Roosevelt has been obliged to recall her invitations for a tea next Monday and also to cancel all her engagements in Washington for the present. It is not known yet whether the proposed trip of the president to Charleston will be abandoned. It is known that he will go if his son's condition will warrant it and much will depend upon Mrs. Roosevelt's report after she reaches the young man's bedside.

Monument to Maury

Paris, Feb. 7.—A proposition has been made by Dr. Bergeret at the Sorbonne to raise an international monument to Lieutenant Maury, the pioneer of modern meteorology and hydrography. The occasion was a lecture by Dr. Bergeret, professor of terrestrial physics at the Sorbonne, on "The Circulation of the Air."

Have an Eye to Business.

London, Feb. 7.—The Peking correspondent of the Times cables that two American missionaries, Dr. Lowry and his son, have applied to Hui Yu Feh, the director of railways, for a concession for a railway from Peking to Kalgan, Chili province, 125 miles northwest of Peking.

Commandant Marais Captured.

Matjiesfontein, Cape Colony, Feb. 7.—Lourens Erasmus, better known under the name of Commandant Marais, has been captured in the neighborhood of Laingsburg. Marais was the leader of the Boers who operated on the Zwartkopp range in 1901.

Four Perished

Cumberland, Md., Feb. 7.—Early Friday the residence of William Robertson, near Pawpaw, W. Va., was entirely destroyed by fire. Four members of the family who were in bed asleep perished in the flames.

Offered in Small Tracts.

San Francisco, Feb. 7.—Advices from Honolulu state that the land office has announced the opening of about 200,000 acres of government land on the islands of Maui and Hawaii. Much of the land is forest, but some is farming land, offered in small tracts.

The Schepp Floated.

New York, Feb. 7.—The ship L. Schepp from Hongkong, which went ashore on Feb. 3 off Point Lookout, was floated and started for this port in tow.

A BUSY DAY IN HOUSE

Regular Appropriation Bill Reported From Finance Committee.

BILL REGULATING DAYTON PRIMARIES

Hurry-Up Proposition Introduced Limiting Introduction of Bills to March First and Fixing Adjournment on 28th of March.

Columbus, O., Feb. 7.—Both branches of the legislature adjourned at 11 o'clock Friday until Monday evening. The Friday session was a busy one in the house, the first edition of the regular appropriations bills having been introduced by Chairman Crafts of the finance committee. The common schools appropriation is for \$3,700,000 for the years ending Nov. 15, 1902 and 1903, at a rate not to exceed \$1.50 on each of the enumerated school youth of the state. The other appropriations bills carries \$716,700, \$70,000 less than two years ago. This includes the adjutant general, board of agriculture and other state departments of less importance.

Representative Myers submitted a proposition to prevent a repetition of the primary and convention squabbles in Montgomery county by introducing a bill to require that all nominations be by primary election and that nominations by both parties be made on the same day.

Mr. York of Ottawa proposed a hurry-up proposition by offering a resolution to require all bills to be presented by March first and fixing the date for adjournment at March 28th.

The senate passed the Earhart bill, which is now a law, providing that in all counties except Hamilton, Cuyahoga, Lucas, Franklin and Montgomery counties, county commissioners can not expend more than \$1,000 for the improvement or construction of county buildings without vote by the people. Also, bill by Mr. Wells, to reorganize the agricultural experiment station at Wooster.

Senate bills introduced: Mr. Warren, requiring teaching of physical education in all public schools of state; Mr. Reggan, to prohibit the voting of proxies in building and loan association meeting; removing the limit on the number of shares a holder may vote, limit now being 20; permitting building and loan associations to invest in government, state or municipal bonds of loan on collateral security.

New bills were offered in the house Friday as follows: Mr. Collier, to relieve Thomas J. Hamilton, Co. A. Eighth regiment, who was injured at the McKinley funeral, \$1,500; Mr. Sees, to establish normal schools at Ohio and Miami universities and providing for a levy of one-thirtieth of one mill, or \$67,000 for the purpose; Mr. Crafts, to appropriate money for the liquidation of the state debt except the "irreducible" debt, which can never be paid; Mr. Wayne, regulating the transactions of chattel loan companies.

A Lively Blaze.

Chicago, Feb. 7.—Fire Friday destroyed the 5-story warehouse at 148 Michigan avenue. The fire broke out in the basement and first floor, and after an hour's fight the firemen thought they had the flames subdued.

A number of engines were called away to a fire at 38 Randolph street. Suddenly there was a slight explosion and the whole building was seen in flames. Losses were estimated as follows: Building \$20,000; millinery stock of Gage Brothers & Co., \$40,000; stock of Central Union Telephone company, \$20,000. This is the second time a building at this place has been destroyed by fire.

Gold in New York.

Ogdensburg, N. Y., Feb. 7.—Gold has lately been discovered on the farm of J. Lincoln Hockens of DePeyster. The discovery has been kept secret awaiting the report of an expert assayer, which just made, places the ore at a value of \$75 per ton. Mr. Hockens has commenced mining on a small scale, and has taken out a ton and a half of gold-bearing quartz.

Killed His Wife.

Topeka, Kan., Feb. 7.—Because she was about to secure a divorce from him, John Kay, an employee of Crosby's flour mill, beat his wife to death with a flat iron Thursday evening. He then attempted to take his own life by hanging himself from a bridge near his home. He was cut down before life was extinct and revived.

Pension Bill Passed By Senate.

Washington, Feb. 7.—The senate passed the pension appropriation bill and resumed consideration of the Philippines tariff bill.

ARRESTED FOR FORGERY.
Claimed to Be the Son of a Prominent Bank President.

San Francisco, Feb. 7.—A young man who gave his name to the police as E. G. Sutton of New Orleans, but who was subsequently identified as Ray Sutton Garlick of Tacoma, has been arrested on charges of forgery and obtaining goods by false pretenses. Representing himself as the nephew of William Alvord, president of the Bank of California, Garlick bought a gold watch and a diamond ring from W. E. Vanderslice & Co. and offered in payment a check for \$100 bearing Mr. Alvord's signature. He had previously telephoned to the firm that he would call to make some purchases, and Mr. Alvord when notified of the fact pronounced the alleged nephew a fraud. A policeman was therefore in waiting and after the check had been passed Garlick was placed under arrest.

In his pockets were found six checks bearing the forged signature of William Alvord. His notebook showed that he came here recently from Tacoma en route to enter the University of Chicago. The young man was well supplied with money when he came here. He stopped at the Palace hotel. He said: "I forged those checks because I got hard up and needed the money."

Women's Exposition.

New York, Feb. 7.—Madison Square Garden has been leased for the month of May by the Professional Women's league. Everything in which women are professionally engaged or personally interested in will be exhibited during that time. The exhibits, it is promised, will range from the newest variety of baby incubator to a steam yacht, designed and equipped by a woman to suit the tastes of women. Departments will be devoted to woman designers, goldsmiths, blacksmiths, barbers, trained nurses, school teachers, dentists, doctors and to every other profession or business into which the fair sex has entered. The exposition will show how to furnish, care for, and grace a home, and also how to earn one.

Corn Products Company

New York, Feb. 7.—It is expected that the organization of the Corn Products company, which has been incorporated at Trenton with \$80,000,000 capital, will be completed by March 1. All the details have been completed and stockholders shortly will receive official circulars stating the terms of the deal. The company will own the National Starch company, the Glucose Sugar Refining company, the Pope Glucose company and the Illinois Sugar Refining company. It will also own a large but minority interest in the New York Glucose company.

His Luck Turned.

New York, Feb. 7.—Harry Levy, also known as "Red Levy" and "Harry Lewis the plunger," arrested here at the request of the police department of Baltimore for alleged forgery, was in Center street police court Friday and was remanded until Sunday. He had \$41,000 on him when arrested. He said that he won \$100,000 on the horses in California, but his luck turned and he lost \$59,000.

Schley Leaves Knoxville.

Knoxville, Feb. 7.—Admiral and Mrs. Schley left Knoxville at 8:37 a.m. Friday for Washington in the private car of W. H. Peddle, superintendent of transportation of the Southern railway, and the entire trip will be made over the Southern. Admiral and Mrs. Schley were accompanied to the depot by the local reception committee and a large throng of citizens, and were given a farewell ovation.

Police Not Satisfied.

Wichita, Kan., Feb. 7.—George Sutton, grocer, 46, was found dead in his brother's store. He had been shot and a revolver lay at his side. All indications point to suicide, although no motive is known. He was to be married next Sunday and spent Thursday evening with his fiance. The police are not fully satisfied and suspect murder.

Murderer Hanged.

Sault Ste. Marie, Ont., Feb. 7.—Frederick Shultz was hanged here Friday. One night in the first week in August last Shultz returned home intoxicated, and after a quarrel with Mrs. Craig, a woman who passed as his wife, deliberately shot her. He was arrested and after a trial was found guilty and sentenced to death.

Doctors Disagree.

New York, Feb. 7.—Resolutions have been adopted by the New York Academy of Medicine protesting against the decision of the treasury department classifying pulmonary tuberculosis with "dangerous contagious diseases," by which emigrants afflicted with the disease are barred from entering the country.

TO AID THE FILIPINOS

Taft Advises a Modification of Tariff For the Islands.

PUBLIC LAND IN THE PHILIPPINES.

Importation of Food Products Greatly Increased—Governor Explains Contracts For Harbor Improvements and Steam Launches.

Washington, Feb. 7.—The senate committee on Philippines continued its consideration of the question of the revenue of the Philippine islands, Governor Taft still being on the stand. He began his statement with an explanation of that portion of his testimony of Thursday to the effect that sentiment was the main reason for asking a substantial reduction of the rates of the Dingley law so far as they apply to the Philippines, saying he feared that the statement might be misunderstood. The idea he had meant to convey by that statement was that the Philippine commission welcomes every evidence of a desire on the part of the American people to aid the Philippine people, and he believed any such evidence of discrimination would aid the Philippines administration and its work. That in time such a concession as was proposed would be of vast benefit to the farmers of the islands—and practically all the inhabitants are farmers—he did not doubt. He was sure the political effect would be good, but that there would be any immediate substantial effect he did not think was true, regardless of the statement made in his official report that such a resolution would cause an advance in trade by "leaps and bounds." He did not mean to withdraw the recommendation; on the contrary he would be glad to have a reduction of 50 per cent.

Land Not All Arable.

Governor Taft also explained that he had not intended to convey the idea that the 6,000,000 acres of land in the Philippines not controlled by private ownership is arable. Much of the area is, he said, covered by mountain ranges and is not therefore capable of cultivation. In response to a suggestion from Senator Culberson, Governor Taft said he did not think the bill providing a tariff between the United States and the Philippines should be temporary, as is the case with reference to Porto Rican bills. Speaking of the new revenue bill passed by the Philippine commission, he said thus far the effect is conjectural, but that it was hoped the amount under the impetus it would give to trade would soon equal the returns secured under the old laws, which was \$9,000,000 or \$10,000,000. There had been so far a great increase in the importation of food products, especially canned goods, which come principally from the United States and Spain. Governor Taft explained the contracts which have been let for harbor improvements involving an expenditure of \$3,000,000, and in response to questioning by Mr. Hale, said that contracts also had been let for the construction of 20 launches or small sea-going vessels for the transportation of mail of provincial officers. The cost for these boats will be \$1,000,000. He had asked for bids from San Francisco, he said, but they were so high the commission was obliged to contract for them with Shanghai and Japanese firms.

Governor Taft asked for power to pass general corporation laws. Most of the enterprises there now, he explained, are controlled by English capital. Senator Dubois wanted to know if it would not be advantageous for the government to build and control railroads, telephones, etc.

"That is a question of general economic consideration," answered Governor Taft, "which the commission wishes to avoid."

Reverting to the subject of corporations, Governor Taft thought it would be wise for congress to give to the commission some discretionary power in the matter of building railroads.

In Interest of Science.

New York, Feb. 7.—As an outcome of the disputes in the medical fraternity between vivisectionists and anti-vivisectionists, Dr. James E. Russell of Brooklyn offered to submit to vivisection. His offer is not considered seriously by physicians, as it is altogether unlikely that a member of the profession would attempt such a thing even if the law would permit. Dr. Russell's offer makes the proviso that his wife and family are to be cared for in the event of his death.

Minneapolis, Feb. 7.—Fire gutted the Vendome hotel, a 3-story building on Fourth street. Many guests in the hotel had narrow escapes. Loss \$75,000.

PENSION money comes easy, but it isn't every pensioner that eases up his creditor by paying what he owes when the stipend comes to hand.

It isn't many men who have been adjudged guilty of a capital offense at the hands of twenty-four jurymen, as has been Jim Howard.

AS STATED some days ago the Redistricting Committee of the Legislature will recommend placing Mason and Fleming counties in a Senatorial district. This will suit the Democrats but will rule our Republican friends.

THIRTY-SEVEN men sat as guests in P. A. Widener's marble palace at Philadelphia one evening this week whose combined wealth is placed at \$500,000,000. Would that the record of their wealth-getting, in all its grasping, greedy details, could have confronted them as they feasted in their luxurious surroundings. Although they are all multi-millionaires the main purpose of their meeting was no doubt to plan to add to their enormous wealth.

In the Moss-Rhea contested election case the Congressional Committee has voted to award the seat to Moss by a close margin. The committee concludes that Rhea received 19,635; while Moss received 19,659 votes certain, with votes in doubt to make the vote 19,617 for Rhea, with 19,688 for Moss. The committee adds this: "In making this report your committee wishes to say that it has found nothing in the record which in any way reflects on the high character of the contestee, John S. Rhea." Judging by the record of the past, had the committee figured out Rhea's election by such a close margin, they would never have given him the seat.

NOT DEMOCRATIC.

Racial Changes in the School Law Proposed by a Bill Now Pending.
Patrons To Be Ignored.

(Cynthiana Times.)

Some very strong objections are made against the measure now before the Legislature. It is claimed by many who are interested in the welfare of our system of common schools that the proposed changes are too radical and partake too much of centralization of power. The people of the districts are ignored, and everything from the employment of teachers to the building and repairing of school houses and the purchase of supplies—maps, globes, apparatus, furniture, &c., is absolutely in the hands of the county board.

No difference whether the teacher assigned is acceptable or not, the patrons of the school have no voice in the matter. The board can sell, lease or convey the buildings and make repairs or changes when it chooses to do so without the consent of the patrons of the school.

The county, instead of each school district, will be the unit of taxation. The board will be required to make an estimate in March of each year of the amount of money it may need and submit that estimate to the Fiscal Court of the county at the next term, and the Fiscal Court will order a tax levy upon the county to raise the amount called for. The order or estimate of the board is mandatory and there is no limit fixed as to the amount the board may estimate.

The school census of the county in each year will be made by a paid enumerator or enumerators. The other features of the bill relating to examinations, certificates, &c., we do not touch in this brief statement.

The patrons of the common schools should study the matter over, and if they find the proposed changes obnoxious and dangerous to the best interests of the schools and the people, they should immediately protest against the measure. If pleased with the bill and satisfied that it will advance the interests of common school education, speak out in its favor and ask our representatives to support its passage.

The Times, always deeply interested in our common school system, after some study of the measure, is not satisfied that it should be enacted as introduced. The objectionable features should be eliminated and the people allowed to employ their own teachers, subject to endorsement by the county board, perhaps, or the present system left unchanged.

Exceptional Opportunities....

Our reduced Wool Dress Goods merit strong praise. The qualities are excellent, every piece of goods exactly as described. Examine, to be certain. The ears can be deceived but the eyes carry conviction.

D. HUNT & SON

THIS WOULD JAR US.

Grant County Democrats Would Make the Ninth District Solidly Republican.

WILLIAMSTOWN, KY., Feb. 6.—The published report in to-day's Courier-Journal that Grant County is to be taken out of the Sixth congressional district and put into the Ninth has caused a great hullabaloo among the voting population of Grant County. Both Democrats and Republicans bitterly oppose such a move.

A big delegation threatens to go from here to Frankfort to wait on the committee. Local Democratic politicians say if such a change is made it will not add any considerable strength to the Democratic party in the Ninth congressional district. They argue here that the voting strength of the Sixth is smaller now than that of several other districts in the State, and instead of reducing this strength it ought to be added to by placing Bracken and Harrison County in the Sixth. This would make the Ninth safely Republican, but would give the Sixth a Democratic majority of something like 8,000, and make it the banner Democratic district of the State.

Rev. Dr. Boyet of the First Baptist Church will preach at the court house to-morrow morning at 10:45 o'clock on "Christ's Witnesses." The public cordially invited. At night the congregation will worship with the South Methodist Church.

POYNTE Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

Collector Roberts has made the following assignments at this point for February: Storekeepers, J. T. West, John R. Dagley, H. G. Holiday and Oscar Grigsby at the H. E. Pogue distillery; storekeepers, J. S. Wallingford and W. B. Anderson at J. H. Rogers & Co.'s; gauger, Lewis M. Gaffin at J. H. Rogers' and Pogue's, and storekeeper-gauger, Edward W. Lane at Poynz Bros'.

The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression. We speak of there being "bad blood" between people at enmity, of "blue blood" as indicating ancestry, of "black blood" as describing a treacherous nature, and in many another phrase mark our belief that in the mental, moral and physical man, "The blood is the life." The one basis of a healthful, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery rids the body of diseases which have their origin in impurity of the blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood-making glands, and building up the body by supplying the blood in quantity and quality such as is essential to a condition of health. It cures ninety-eight people out of every hundred who give it a fair trial.

Baby's Coming

McDonald, Ga., July 18, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for a time at a time, but this time I have taken Wine of Cardui and Thedford's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Thedford's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicine and I tell my lady friends to use your Wine of Cardui.

Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy woman will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

TO-DAY'S DETAILS.

BLACK FIGURED MOHAIRS—Regular rain and dust shedders, nothing better for a shirtwaist skirt. Reduced from \$1 to 35c.

HANDSOME ZIBELINES—In light and dark colors. Suitable for dressing sacks, waists, kimonas and children's wraps. Reduced from \$2 to 50c.

TAN PAUNE CLOTH—Soft and rich as velvet. Reduced from \$2 to 50c.

DARK GREEN ETAMINE—Pretty and serviceable. Reduced from \$1.25 to 50c.

Two pieces of attractive FINETTA CLOTH, black and navy. Reduced from \$1.25 to 50c.

A line of PRETTY CHECKS for children's dresses. Reduced from \$1.25 to 35c.

BLACK DRESS GOODS—In figured weaves. Reduced from \$1 to 25c.

COLORED ZIBELINES—45 in. wide. Reduced from \$1 to 25c.

PRINCESS CASHMERE—Light and dark colors. 15c and 12½c qualities, 7½c.

WOMEN'S KNIT SKIRTS—Black, or light and dark colors. Reduced from \$1 to 75c.

CORSETS—Of excellent make and finish but slightly soiled—and only slightly. Reduced from \$1 to 35c.

ARTISTIC BLACK VELVET STOCKS—Finished with white lace and colored satin bands. Only a few. Reduced from 25c to 19c.

TURN OVER LINEN CUFFS—for maid's. Reduced from 25c to 2 pairs for 5c.

BOYS' LEATHER BELTS—Tan, brown, black. Reduced from 25c to 5c. A few, tied, silk FOUR-IN-HAND TIES for boys reduced from 25c to 5c.

HANDSOME SILK REMNANTS—These silks originally cost \$1 a yard and were reduced to 50c for our great silk sale two weeks ago. As only very short lengths remain—1/2 yds to 1 1/2 yds—a further reduction has been made. Choice now 25c yds.

THE SUITS

We Are Making to Order at

\$25

Are far better values than many that buy them have the remotest idea of. Those who know values ask how we can make them for that price. We will let you into secret. The class of ready-made Clothing we carry has materially cut down the demand for fine custom work. Lots of people who used to hoot at the idea of buying ready-to-wear Clothing have learned that we can fit and "style" them much more satisfactory than the majority of custom tailors. As we only buy the best of fabrics for our custom department, the difference in price between the ready-to-wear and the made-to-order has caused the latter to move slow. Now we have a good deal of money invested in these goods and must realize, and this is why we are selling our \$35 and \$40 SUITS for \$25 SPOT CASH. If you want one made, don't delay; they are going fast.

RYDER & QUAINTEANCE,

121 Sutton Street. Drop in and get a Calendar.

WE'RE PLEASED TO ANNOUNCE THAT WE HAVE ADDED

The Oliver Chilled PLOW

To our line and will hereafter carry same in stock, together with a complete assortment of "extras," which we are prepared to furnish at a more reasonable rate than farmers have heretofore been able to procure them here.

Old plowmen are familiar with the OLIVER'S many points of merit, and the fact that over two million are in actual use warrants the assertion of the manufacturers that it has no successful competitor. **EXTRA POINTS, 25c.**

FRANK OWENS HARDWARE COMPANY

FOUND IT OUT.

Many a Maysville Citizen is Finding it Out.

A backache always means kidney trouble.

The beginning is always backache.

The ending may be Bright's disease.

Read the following case of a Maysville citizen who found the remedy in time:

Mrs. C. J. Sweet, of 713 East Second street, says: "Doan's Kidney Pills ended pain in my back which had annoyed me for a considerable time. My mother, Mrs. A. F. Sweet, also used this remedy and values it highly. Mr. Sweet got Doan's Kidney Pills for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. We are only too pleased to recommend a preparation which has proved so reliable and effective as did Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

The Young Ladies' Building Club will entertain Monday evening, Feb. 10th, at 7:30 o'clock at Knights of St. John Hall.

Innes and His Band.

Innes is to be here soon at the Washington Opera House when one of his incomparable concerts will be given. The band is from its wonderful season in the Temple of Music at the Pan-American, it being the only band accorded the honor of playing indoors at this exposition. The band is said to have played to one million persons during its season, which was not a long one. Frances Boyden and five other soloists are with the band on this tour, and so is the spectacular Anvil Chorus, with the corps of red-shirted blacksmiths and their electrical anvils.

ITEMS OF INTEREST

Contributed by the Bulletin's Corps of Country Correspondents—Paragraphs Personal and Otherwise.

WEDONIA, Feb. 6th.—Mr. S. R. Walker, whose serious condition has been mentioned from time to time in the BULLETIN, died Tuesday night at half past 1 o'clock after a lingering illness with a complication of diseases. Mr. Walker was an upright, Christian gentleman, loved by all who knew him. He was a kind and loving husband, a devoted father and a friend at all times. His past life speaks for itself. In the loss of this loved one, the community feels it very heavily. Deceased would have been seventy-eight years old the twenty-fourth day of March. His long and useful life had been spent in this neighborhood, with the exception of one year at New Orleans and two years in Kansas. While the family was in a measure prepared for the sad announcement, yet it was hard for them to give up the dear father and submit, and say, "Not our will but thine, oh God, be done." Deceased leaves a wife and nine children. The funeral service was conducted this Thursday morning at 11 o'clock at the home by Rev. T. T. Dobyns. Burial at Mt. Gilad.

Save the Quail.

Farmers in portions of Kentucky say that quail and other birds are starving to death, and that dead birds are found in the fields and woods. Everything has been so entirely covered by sleet that they have not been able to get anything to eat. They have become so tame from want of food and water that one can pick them up. It has been suggested that farmers scatter feed to save the quail and other birds.

PROPERTY FOR SALE.

I wish to dispose of the real estate belonging to the late T. C. Campbell's estate, and during the month of February will receive private bids upon the following property:

One farm in Mason County, in the Lewisburg precinct, containing 224 acres of land, one frame two-story dwelling house, two barns and other out houses.

One farm in Lewis County, near Cottageville, containing 181 acres of land, one frame one-story dwelling house, one barn and other out houses. One carriage with grocery connecting on East Second street, between Poplar and Commerce streets, city.

One vacant lot on East Fifth street, to be sold or rented. Apply by mail to MISS EMMA CAMPBELL, Executrix T. C. Campbell's Estate.

By order of the Fiscal Court of Mason County, Kentucky, I will on

Saturday, February 15th, 1902,

at 11 o'clock at the Court House door in Mayfield, Ky., for sale at public outcry, to the highest and best bidder, the right or franchise to erect and maintain a telephone system over all the roads of Mason County, but not the exclusive right or franchise, which sale is to be subject to the conditions and restrictions embodied in the resolutions adopted by said Fiscal Court on January 31st, 1902, and the laws of Kentucky. The sale is to be made in accordance with the resolution, and reference is had to same. The right or franchise over all the roads of Mason County will be sold as a whole and for the period of twenty years. Work of building the lines shall commence on or before May 1st, 1902. The purchaser shall give bond as required in said resolutions. J. R. ROBERSON, S. M. C. Feb. 3rd, 1902.
